## PROJECTS

---

**Artificial intelligence battleground 2.0 - AI Hackaton**  
- Artificial Intelligence BattleGround (AIBG Belgrade) is an intensive team-based programming competition. We managed to release this project on 6th and 7th of December 2019. This is the second project organised by BEST - Board of European Students of Technology. More details about this project at: <http://aibg.best.rs/en/>

## WORK EXPERIENCE

---

<b>B.E.S.T. Belgrade</b>	<i>Feb 2020 - Still</i>
<i>IT project support - EBEC, CodeBeyond, BEST Design Week</i>	
- Board of European Students of Technology, local group Belgrade; we do everything on the background for projects and events B.E.S.T. does for all technology students in Europe. <a href="https://best.rs/en/">https://best.rs/en/</a>	
<b>Summer internship, RGA</b>	<i>Aug 2019 - Oct 2019</i>
<i>Intern - Department for Geodetic Information System</i>	
- I was working in the Department for Geodetic Information System which carried out tasks related to development, design and implementation of ICT for the purposes of the RGA. <a href="http://en.rgz.gov.rs/">http://en.rgz.gov.rs/</a>	
<b>Internship, Open Data Portal</b>	<i>Mar 2018 - Jun 2018</i>
<i>Data Assistant Intern</i>	
- Data Assistant Intern at the Government of the Republic Serbia. My position was focused on manipulating and making data available, so it could be freely applicable, machine-readable, accessible in open formats (csv, json, geoJSON, tsv, xml). <a href="https://data.gov.rs/">https://data.gov.rs/</a>	
<b>High School student company, Belgrade</b>	<i>2012 - 2015</i>
<i>Project coordinator and member</i>	
- Sales and project team member in high school student company for several years. Main objective was to develop new health products and introducing people to our work, also attended many competitions in field of entrepreneurship.
